

# Lake Texoma Special Rules

## May 5

**Session#1** Start time will be 6:30 am and weigh in time will be 11:30 am and you will have a 5 fish limit. After you weigh your fish, your live-well must be empty. You cannot hold any fish for session#2. Any one not returning to the ramp will loose session#1 and session#2 weights unless they run down an officer of the club so that he can make sure your live well has been emptied before starting session#2

**Session#2** Once all fish are weighed from session 1 and the tournament director gives the signal, we will start. Weigh in time will be 4:30 pm and will have a 4 fish limit. Lake will be off limits after 4:30 pm until the next morning.

## May 6

**Session#3** Start time will be 6:30 am and weigh in will be at 2:30 pm. You will have a 4 fish limit. All boats must remain in their launch area until the start time.

The winner will be who has the best 2 out of 3 weigh ins. If you have a big bass in one of the sessions, you will have the choice of taking that weigh in or the better 2 weigh ins in which case you will loose your big bass.
